What Is Being Done?

The Michigan Department of Transportation (MDOT) will be rebuilding M-227 from Dobbins Street to the Kalamazoo River in Marshall, Calhoun County. M-227 will be repaved from I-94 Business Loop (BL) (Michigan Avenue) to Dobbins Street, and from the Kalamazoo River to Woolley Drive. M-227 also will be resurfaced from Woolley Drive to I-69 in Fredonia Township.

When Will This Be Done?

Construction is expected to begin in July and is scheduled to be complete in November.

How Will Traffic Be Affected?

During the reconstruction portion of this project, the posted detour will include F Drive South, I-69 and Michigan Avenue.

For the other portions involving repaving and resurfacing work, traffic will be maintained under flag control.

Long-term Benefits

The improvements from Woolley Drive to I-94 BL (Michigan Avenue) will upgrade that section of M-227 to all-season route status. Overall, these improvements will increase motorist safety, extend the life of the road, and provide a smoother drive for many years to come.

MDOT reminds motorists to drive like you want to make it home tonight.
